Fuel your fleet across Australia with the IOR Diesel Network

115+ unmanned 24/7 diesel stops on Australia's major transport corridors. Open when you need it, built for heavy industry.

Our national network of 24/7, unmanned diesel stops are designed for Australia's transport, agriculture and heavy industries. With more than 115 locations positioned across major freight routes, regional centres and remote operating areas, our network gives drivers reliable access to diesel when and where they need it.

From single vehicles travelling regional routes, to fleets operating across multiple states, the network provides businesses with a simple way to refuel on the road without relying on public-facing service stations.

Our diesel stops are built with heavy vehicles in mind. High-flow bowsers help reduce refuelling time, while locations feature large turning areas and sweeping canopies that are designed to accommodate heavy combination vehicles.

Built for Australia's transport industry

24/7 diesel access
Our unmanned diesel stops give you round-the-clock access at any time of the day or night.

Driver amenities
Clean, secure facilities. Select locations feature driver amenities including showers and toilets.

Located on key transport routes
Access diesel across Australia's major freight and agricultural corridors - including regional and remote areas.

Manage fuel across your fleet
IOR account customers can use RFID tags linked to their fleet, with transactions and reporting available through the IOR Portal.

Designed for heavy vehicles
Our sites offer high-flow bowsers and large turning areas for heavy vehicles. Ease of use and accessibility are always a priority.

Reliability when you need it
Keep your vehicles moving with dependable diesel access that's designed to support commercial transport across Australia.

Get up and running in three steps

1 **Apply for an account**
Complete the online application, it is fast and easy.

2 **Receive RFID tags**
Your RFID tags are dispatched immediately on approval. Each tag is registered to your fleet and linked to your account.

3 **Start fuelling**
Pull up to any IOR Diesel Network stop, tap your tag, and fuel. Transactions consolidate into an invoice, visible in the IOR Portal.

Pre-authorise before you pump

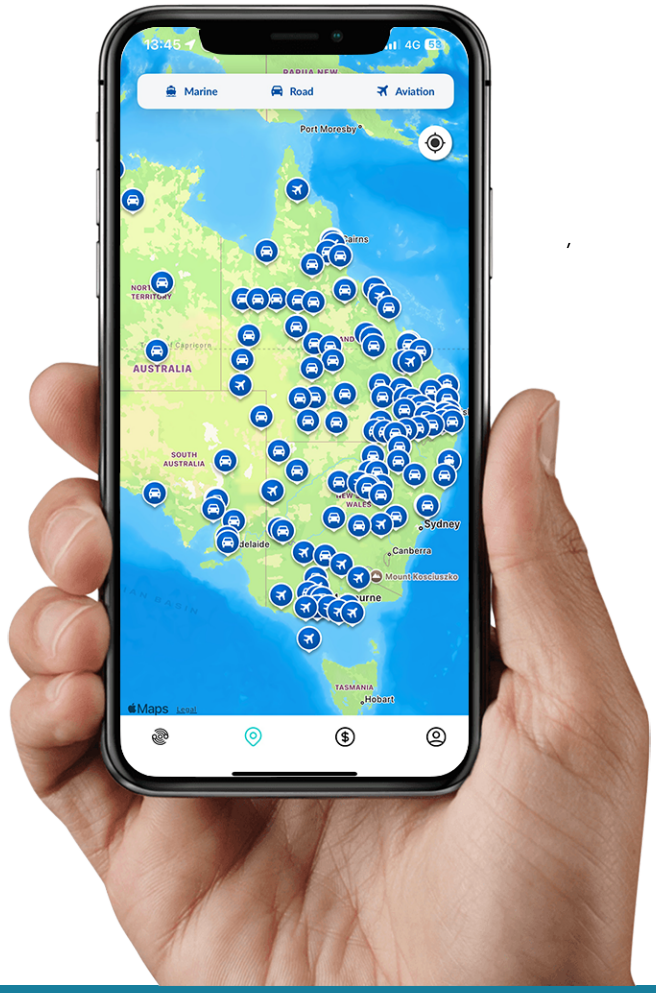

Start using Fuelcharge in three steps.

No paperwork. No waiting for approval. Download the app and you're ready to refuel.

1 Download the app
Fuelcharge is available for free on the App Store and Google Play. Create your account in under two minutes and add your payment details.

2 Select the fuel
Scan the QR code at the pump or use the automatic location detection in the app, select your bowser and choose how much you want to pre-authorise for your transaction.

3 Pay & Fill up
Authorise your payment, and fill up. Any remaining balance will be returned to your bank account, noting you won't pay for fuel you don't receive. Your digital receipt is stored instantly in the app.
